Communication (Alex Cross)

1. The March Unami Update is currently in the works, we received our last article today and hope to send by the end of the week.
2. The email server migration that I mentioned last month has taken place. Nothing should have changed for the majority of users. This migration will put an end to the problems with bouncing emails and will allow us to add more features along the way.
3. The Lodge social media accounts will be promoting the Community Service Day this week. Feel free to promote them with your personal accounts also. The event is open to all Scouts and Scouters, and all the information can be found on Unamilodge.org.
4. We are still looking to expand the committee and add more members, if you, or someone you know, are interested in Social Media, Website Design, or Photography, please send us an email at
